## Welcome

The Casper Mountain Biathlon Club invites you to attend the North American Biathlon Cup Race #3/CMBC Cup #1 at the Casper Mountain Outdoor Center.

The Casper Mountain Outdoor Center is a relatively new venue that was built to be among the top biathlon centers in the United States. The facilities include a 30 point lighted range, more than 15 kilometers of race course trails that connect to a network of over 40 kilometers of trails. The trails were designed by Morton Trails to meet FIS homologation standards as well as IBU and IPC standards. There is currently a 1 kilometer paved range loop and 2 km of lit trails. Plans are in the works to continue paving another 4 km of roller ski trails. The venue sits at 7800 feet. The range is located approximately 30 minutes from Casper, Wyoming, a city with a population of approximately 60,000. The second largest city in Wyoming, Casper has everything you need for shopping, dining, and lodging but without all the traffic of most cities.

Casper is home to plenty of western charm, a thriving downtown and wide variety of outdoor recreation options. It is not uncommon to see wild turkeys, prong horn antelope and mule deer roaming around town. The area is easily accessed by the Casper/Natrona County airport with regular connections to major airline hubs and can be reached via interstate I-25.

## Rules

International Biathlon Union Event and Competition Rules will be in effect for this event, except as specifically modified by the Organizing Committee or Competition Jury. Any modifications to the rules will be discussed at the Team Captains Meeting. The organizing committee reserves the right to modify the parameters of the event based upon local conditions such as weather and trail availability.
